SUMMARY

Aspiring software engineer with a strong engineering foundation and hands-on development experience. Proficient in Python, C, and machine learning, with expertise in libraries like NumPy and Pandas. Experienced in Full Stack Development and IoT. Proven track record in project management and successful project completions using Python and MySQL.

EDUCATION

SSLC

ST.Mary's Matriculation School

Percentage - 90%

2018 - 19

HSC

Mahendra Matric. Hr. Sec. School

Percentage - 89%

2020 - 21

UG

AVS Engineering college

CGPA - 83%

TECHNICAL SKILLS

- Python
- C
- Machine learning
- Python Modules (Numpy , Pandas , Matplotlib)
- Ms Office
- MySQL

INTERNSHIPS

Happy WellWishers Technologies - Bangalore

Full Stack Development

MaxPro InfoTech - Salem

IOT

Optimus - Salem

Full Stack Development

ACHIVEMENTS

Paper Presentation - MetaVerse

Won **1St Place** at Mahabarathi Engineering College

International Paper Conference - ENHANCING SECURITY INTELLIGENCE AND SAFEGUARDING PRIVACY

Published at Annapoorana Engineering College ,

Sengunthar Engineering College

CERTIFICATIONS AND COURSES

- **Junior Typewriting** - 1St Class
- **Machine Learning** - IBM
- **Communication Skill** - TCSion , University of California
- **Soft skills** - TCSion
- **Python** - HackerRanker
- **CyberSecurity Basics** - CSC Academy

PROJECTS

- Bank Management using Python Flask & MySQL
- Employee Table using Python & MySQL
- OCR(Optical character Recognition) using Python & CV2 , Pandas
- House Price Detection using Linear Regression
